# When and How To Enrol

## Health and Welfare Benefits

Coverage is effective the first day after completing one month of continuous active full-time employment. Employees have 60 days from their eligibility date to enrol any dependents by completing the enrollment form which will be mailed to you, but also can be found on [sherwin.benefitscentre.ca](http://sherwin.benefitscentre.ca).

In order to ensure eligible dependents are enrolled, and benefit cards are issued, regular full time employees are to complete the benefits enrollment form within 60 days of their date of hire. Enrolling within this time frame will avoid a late applicant status of dependents and retro pay deductions for your coverage. Your comprehensive coverage includes: Life, Accidental Death & Dismemberment, Long-Term Disability, Health and Dental benefits.

## Pension Plan and Employee Stock Purchase and Savings Plan

Enrollment in the Sherwin-Williams Defined Contribution Pension Plan (Registered Pension Plan or RPP) is automatic, once you become eligible. Please see additional information in the [Defined Contribution Pension Plan \(RPP\) section](#) of this document.

Employees must elect to participate in the Sherwin-Williams Employee Profit Sharing Plan (EPSP), Group Registered Retirement Savings Plan (RRSP) and Spousal Group Registered Retirement Plan (SPRRSP). Enrollment information is sent to all new hires by Canada Life (formerly Great West Life). [See page 5 for details.](#)

**NOTE:** The employee is automatically enrolled in Medical, Prescription, Dental, Maple, Life, AD&D, Short-Term Disability and Long-Term Disability. The employee can choose to enrol in Optional Life and Optional AD&D insurance.

To enrol a Spouse/Domestic Partner or dependent child into the Medical, Prescription, Dental and Vision coverages, please add their information to the enrollment form.

## To complete the health and welfare enrollment process for Health and Welfare benefits:

1. Upon new hire, benefit eligible employees will be sent a New Hire Package containing an enrollment form, letter of coverage and a return envelope to their home address.
2. Complete all sections of the enrollment form. This will initiate your enrollment for your listed dependents, if applicable.
3. To complete the enrollment process, a signed completed form must be sent to the Sherwin-Williams Canada Employee Benefit Service Centre:

Sherwin-Williams Canada Employee Benefit Service Centre  
30 Kelfield Street  
Toronto, ON M9W 5A2  
Phone: 844-994-9989  
[sherwin@benefitscentre.ca](mailto:sherwin@benefitscentre.ca)

This signed completed form is necessary to ensure your beneficiary designation.

4. Enrollment forms must be submitted no later than 60 days following your hire date.

# Employee Stock Purchase and Savings Plan

The Sherwin-Williams Company Employee Stock Purchase and Savings Plan (the Plan) provides you the opportunity to save money from your paycheck for retirement. The Plan is comprised of an Employee Profit Sharing Plan (EPSP), a Group Registered Retirement Savings Plan (RRSP) and the Spousal Group Registered Retirement Plan (SPRRSP). The Plan, along with other personal savings, can be an important source of income at retirement.

## Eligibility

A regular full time, part time, or temporary employee, including interns may join the Plan **immediately** upon date of hire by Sherwin-Williams. Beginning with the first of the month following the completion of one year of continuous service with S-W, you are eligible for Company Matching Contributions. You must elect to participate in these plans by enrolling into your Canada Life account. Canada Life (formerly Great West Life) sends all new hires enrollment information for the EPSP and RRSP plans. Contact the Canada Life Access Line at 1-800-724-3402, from 8 a.m. to 8 p.m. ET for more information.

## Your Contributions

You are permitted to make contributions to the Plan through payroll deduction immediately upon hire. Such contributions may not exceed 20% of your salary. You may choose to direct your contributions to the EPSP, RRSP or SPRRSP plans — or allocate them across a combination of all three. This flexibility allows you to tailor your retirement savings strategy to best meet your financial goals. You can also make lump sum contributions in cheque form to the program directly. These lump sum contributions are not eligible for Company Matching Contributions.

If you elect to have contributions deposited to the RRSP or SPRRSP, you are responsible for monitoring your available RRSP contribution room. Also, the company's contributions to the Defined Contribution Pension Plan will reduce your RRSP contribution room in the following year (see [page 7](#) for details about the pension plan).

**Questions?** Contact Canada Life at 1-800-724-3402 for more information.

## Employee Stock Purchase and Savings Plan *continued*

### Company Matching Contributions

Company Match helps you maximize your savings. Beginning with the first of the month following the completion of one year of continuous employment, Sherwin-Williams will match 50% of the first 7% (up to a maximum of 3.5%) of your contributions. You may direct the matching contribution to any combination of the EPSP or RRSP Plans, as long as in total your direction is 100%. If an employee does not direct matching contributions into the plan of their choosing, the system will automatically default to the same plan as the employee contributions.

### Vesting

Vesting gives you ownership of the funds in your Plan account. That means you can take your vested account balance with you when you leave the Company. You are always 100% vested in your contributions and your Company Matching Contributions.

### Investments

In addition to selecting which plan to contribute to, you also have the opportunity to choose how your contributions are invested. Both employee and employer contributions to the RRSP Plan will be automatically invested in the age-appropriate mutual fund unless you choose to invest in one of the various other funds offered. There is a wide variety of funds from which to select, representing all of the primary asset classes. You can update your investment options on any business day by calling Canada Life.

All contributions to the EPSP Plan, however, are invested only in Sherwin-Williams Company Stock.

### Fund Access While You Are Working

You may withdraw any portion of your contributions and any vested Company Matching Contributions at any time. However, withdrawals may be subject to a withdrawal fee and you may be suspended from making any contributions to the Plan for a period of time. Please contact Canada Life at 1-800-724-3402 for more information.

### Fund Access When You Leave the Company

If you retire from the Company, you can choose to withdraw your account at any time after your retirement date. If you leave the Company for any reason other than retirement, you will need to contact Canada Life to request a distribution.

### How do I designate a beneficiary?

If you have not already selected your beneficiaries for your Plan, or if you have experienced a life-changing event such as a marriage, divorce, birth of a child, or death in the family, it's time to consider your beneficiary designations. You may file or update your beneficiary designation by calling the Canada Life Access Line at 1-800-724-3402, from 8 a.m. to 8 p.m. ET.

 **Questions?** Contact Canada Life at 1-800-724-3402 for more information.

# Defined Contribution Pension Plan (RPP)

The Sherwin-Williams Canada Inc. Salaried Employees Retirement Plan, a Defined Contribution Pension Plan (DCPP) and a Registered Pension Plan (RPP) can help you accumulate funds for your retirement.

## Eligibility

As a regular full-time or regular part-time employee of the Company, you are eligible to participate in the Plan the first of the month following completion of one year of continuous service. Enrollment in the RPP is automatic once you are eligible.

Canada Life will send you a welcome kit approximately six (6) weeks prior to becoming eligible for the RPP.

## Company Contribution

Sherwin-Williams will contribute 4% of your regular base salary, bonus, and overtime pay.

## Investments

Contributions to the RPP Plan will be automatically invested in the age-appropriate mutual fund unless you choose to invest in one of the various other funds offered. There is a wide variety of funds from which to select, representing all of the primary asset classes. You can update your investment options on any business day by calling Canada Life.

## Prescription Benefit Plan *continued*

### **Green Shield Canada's (GSC) Tiered Formulary**

Tiered formularies are starting to attract attention in the Canadian marketplace. Commonly available in the U.S., and in keeping with our North American benefits approach, tiered formularies group drugs into several categories and assign corresponding reimbursement levels (co-pay or co-insurance) resulting in improved drug plan management.

#### **What is a tiered formulary?**

Let's start by defining a formulary. Simply put, it is a list of drugs that are covered as benefits, in this case, under your GSC drug plan. The plan formulary groups drugs into three tiers, or categories, and assigns a different covered percentage to each tier. This means that you could pay less in out-of-pocket expenses depending on the drug you choose with your doctor. If you choose a drug from tier 1 instead of tier 2, both you and Sherwin-Williams save money.

#### **How it works...**

Your plan has been designed to give you maximum flexibility and choice. Most therapeutic drug classes (the group of drugs that treat the same medical condition) have different drugs in different tiers. For example, you will not find all anti-depressants put together in the same tier — each individual anti-depressant is placed into a tier according to cost and efficacy.

**Questions?** Contact  
Green Shield at 1-416-926-2990.

Before your treatment begins:

- For all proposed treatment for crowns, onlays and bridges, an estimate completed by your dental practitioner, **must** be submitted for assessment. Green Shield's assessment of the proposed treatment may result in a lesser benefit being payable or may result in benefits being denied. Failure to submit an estimate prior to beginning your treatment will result in the delay of the assessment.

# Basic AD&D and Optional AD&D Insurance

Basic Optional Accidental Death & Dismemberment (AD&D) and Optional AD&D Insurance coverage lets you protect yourself or leave behind something more for the ones you love, should a sudden death or accident occur. # Designating or Updating Life and AD&D Beneficiary Information

## Designating a Beneficiary

An employee can change the beneficiary previously appointed on the original enrollment by completing the applicable section on the Employee Change Form. You can access a change form through our Benefits Centre website ([sherwin.benefitscentre.ca](https://sherwin.benefitscentre.ca)). You can complete it online or download the PDF. Return the signed change form to Sherwin-Williams Canada Employee Benefit Service Centre ([see page 4 for details](#)).

Please note that in the province of Quebec the original appointment of a spouse as beneficiary on the enrollment is Irrevocable unless the word Revocable is stated on the original enrollment after the spouse's name. An Irrevocable Beneficiary cannot be changed unless written permission is obtained from that named person.

## Employees with Minor Beneficiaries

Employees should name a trustee of the minor beneficiary to avoid having the proceeds of the life insurance held by the insurance company, a Public Guardian, or the courts. The office of the Public Guardian is established under the legislation of many provinces.

# Short-Term Disability

You are automatically enrolled in the Short-Term Disability plan as a regular full-time employee after 90 days of active, continuous, full-time employment. The plan is fully paid by Sherwin-Williams:

Here is a summary of your disability insurance benefits:

### Length and Amount of Benefits

After the Waiting Period, the Plan will continue a percentage of your regular base pay for up to twenty-five (25) weeks if you continue to be unable to work due to the continuing Disability. Benefit amounts paid under the plan are calculated as a percentage of your regular base pay and are paid according to your regular payroll cycle. Your regular base pay means your wages and compensation before any payroll deductions, salary reduction contributions or other pretax contributions are deducted from your pay, based on your regular work schedule. Regular base pay does not include any overtime, bonus, incentive pay, or additional types of compensation, except schedule overtime, if any.

### Maximum Benefit Amount

**Full Pay (100%)** 8 weeks  
**Partial Pay (70%)** 17 weeks

**Special note for employees with nine (9) or more years of service as of January 1, 2022:** The above benefit does not increase with additional years of service. However, employees with nine (9) or more years of service as of January 1, 2022 will receive additional benefits under the Plan due to their length of service on that date.

# Long-Term Disability

Long-Term Disability (LTD) provides you with a benefit if you become disabled. Once you have completed your enrollment form for benefits, you are automatically enrolled in LTD basic coverage. This benefit is 100% paid for by the employee. In the event you become disabled and receive LTD benefits, the benefits will be paid to you without being subject to tax. Should you need benefits from LTD coverage, these benefits are paid on a tax-preferred basis since premiums are paid through payroll deduction. Long-Term Disability is administered by Empire Life Insurance Company.

The rate for LTD is \$4.87/100 of the LTD benefit (rate may change annually). If you are disabled for at least six months because of illness or injury, you are eligible to apply for the LTD benefit of 60% of your monthly basic earnings from all sources, up to a maximum of \$10,000. LTD benefit coverage terminates when an employee turns 65. LTD coverage is a mandatory benefit and employees do not have the ability to opt-out of enrollment.

## How to calculate your monthly premium amount:

Long-Term Disability (LTD) based on annual salary of \$40,000

- Take annual salary and divide by 12 (months):
- **$\$40,000 / 12 = \$3,333.33$**
- LTD coverage is 60% of monthly salary up to a maximum of \$10,000. Multiply by 60%:
- **$\$3,333.00 \times 0.60 = \$2,000.00$  is eligible monthly amount**
- Multiply by \$4.87 (premium per \$100 of coverage) then divide by 100:
- **$\$2,000.00 \times \$4.87 / 100 = \text{monthly premium of } \$97.40$**

Applicable provincial taxes will be added to the payroll deduction.
