Covered services:

- Visits to a physician's office, hospital or beneficiary's residence
- Surgical, diagnostic and therapeutic procedures, including anaesthesia
- Pre- and post-operative care
- Complete maternity care
- Radiology interpretive services
- Certain surgical-dental procedures which are medically necessary, to be performed in hospital by a dentist or oral surgeon
- Hospital accommodation and meals at the standard ward rate, nursing services, diagnostic procedures, medications, and therapy while in hospital
- Out-of-province / out-of-country coverage: does not cover all hospital-related charges, treatment received in a clinic, or ambulance / air ambulance services. MCP strongly recommends that additional travel/health insurance be purchased from a private insurer before you leave the province – even if only for one day
- Supplemental Insurance is strongly recommended
